# Costermans Garden SC132

**C**OSTERMANS Garden is an East India Company wallpaper painted in China circa 1800. We were kindly given permission to scan it by Costermans, the famous antique dealers of Brussels, who have it inserted in their splendid 18th century boiseries. The wallpaper has a suite of identical trees of life, ornamented with large scale birds and remarkably Western-looking foliage, making this piece a charming example of fusion.
