DP303 — *Decorative Panels*

THESE exotic trees and landscapes with intense birdlife are set in a Louis XIV Treillage which reminds us of the ones used in the gardens of Versailles. Many of the drawings used for the vegetation that we transformed to suit our purpose, are also of the period. This decor is infinitely more complex than anything you will see on a screen. It has great character and enough formalism to be at once very Exotic and resolutely Old World.

INFO

Decorative panels in standard sizes are printed on Canvas to be stretched on frames. They can also be printed in custom sizes on NonWoven Wallpaper and Canvas. This series is also proposed as a Standard Decor under ref. SC137 Trellis Exotica

* Available in custom sizes
