Style like a rebel

Garden room Iksel's 'Kubilai's Tent' wallpaper adds to the al fresco feel of this sunny room, with its floral 'Magnolia – Cream Blue' Roman blinds by GP & J Baker. The sofa is from Dudgeon and has been upholstered in 'Leopard (Emerald Rose)' fabric from Parker & Jules, while the blue hexagonal tables that sit either side are from Soane, and the coffee table is a French piece by Paolo Moschino. The rug is the 'Bamboo Trellis' by Neisha Crosland for The Rug Company

Dining room Vintage and contemporary designs combine here in a feast for the eyes. There's the modern notes, such as the table, a bespoke piece created by Henri and produced by Rupert Bevan, and the 'Ecume' rug by Studio Briand Berthereau for Ligne Roset. Then there are smart finds – the pendant light, table lamps, chairs and vintage lacquered dresser – that Henri has picked up on 1stDibs and at antiques markets. It's all presented beneath a ceiling decorated in 'Coffered Rosette' wallpaper from Adelphi Paper Hangings, with curtains made from the equally exuberant 'Burkhara' fabric by Peter Dunham ➤
