**T**HIS decor is based on two rare Japanese screens we restored. Painted by an unknown artist in the early 16th century in the Yamato-e style, the central scene captures samurai resting from the dangers of battle. Playing and drinking in good company next to their perfectly groomed horses, the subjects convey a sense of joy and whimsy in a time of uncertainty. The richly detailed meadow underneath comes from an early 17th-century work depicting the full moon over a plain of grass in autumn.
