A long, arched hallway with a vaulted ceiling. A large, ornate chandelier hangs from the center. On the left, there are large windows with colorful, vertically striped curtains. On the right, there is a long console table with a lamp and a chair. A dog is lying on the floor in the center of the hallway. The hallway leads to a dining area in the background.

DIALING UP THE *Glamour*

Jan Showers and Zara Taitt reinvent a Dallas manse as a radiant epicenter for family gatherings, Deco antiques, and top-tier chandeliers.

A sweeping staircase and wall-to-wall grandeur call to mind the iconic Newbury Hall, an 18th-century French villa in Bologna and continues into a vaulted gallery (opposite), where gables and stone Mary Icarus, Charles Edwards.
